#### STAR PROGRAM

- S** SET STANDARDS FOR PERFORMANCE
- T** TRUST PEOPLE TO MAKE GOOD DECISIONS FOR THEIR JOBS
- A** ACKNOWLEDGE THEIR ACCOMPLISHMENTS AND CONTRIBUTIONS
- R** REWARD THEM FOR EXCELLENT PERFORMANCE

**TOOLS** - This consists of everything (practices and programs) the company is providing the employees to perform their function. For some, it's the computer, the printer, the tools, the people at the seminar, their desks, and even the database.

**TRAINING** - This would be all the instruction and guidance, programs, whatever it be in the previous line, it is provided by an outside consultant.

**TEMPERAMENT** - This is what the company brings to the job - another term for it would be attitude (it just doesn't begin with the letter T)
